Dear Commissioners:

Please find attached an amended page 6 to the Advisory Opinion Request filed by Schroeder Fund for the Future, Inc. on April 3, 1991. This change corrects a typographical error in the original submission to clarify that the aggregation would be done for the "1992" election, not the "1990" election.

Sincerely,

Robert F. Bauer

register and report as a "political committee " Since the Fund has voluntarily reported from its inception, it proposes to modify its registration and bring its reports up to date to the extent necessary to reflect its affiliated political committee status. The total amount transferred would be all cash on hand starting with the contributions most recently received No funds that are impermissible under the Act when aggregated with contributions to the Committee will be transferred The Fund proposes to aggregate all contributions received by the Fund after September 28, 1987 and before November 6, 1990 with contributions received by the Committee for the 1992 House election. As a result of this aggregation such funds in excess of the contribution limits will be refunded to the original contributor.

Conclusion

The Fund requests an opinion by the Commission on the issue presented in this Request.

May the Fund transfer its funds permissible under the Act to the Committee?

Respectfully submitted,
